

Professional Introduction

I am a Senior IT Project Manager with over 20 years of experience leading enterprise technology initiatives across healthcare, banking, and pharmaceutical organizations. Throughout my career, I have successfully managed complex cross-functional projects and programs involving digital transformation, PMO governance, application modernization, infrastructure initiatives, vendor management, executive stakeholder engagement, and data & analytics solutions.

My experience includes managing multi-million-dollar technology portfolios, leading global teams of over 100 members, driving enterprise governance, improving operational efficiency, and delivering business-critical initiatives while consistently meeting schedule, budget, and quality objectives.

I am currently seeking opportunities as a Senior IT Project Manager, Technical Project Manager, Program Manager, PMO Manager, Delivery Manager, or Technology Transformation Manager.

Work Authorization & Availability

- H-1B visa valid through 2027
- Open to H-1B transfer
- Open to C2C, W-2, and Full-time opportunities
- Available to join immediately
- Open to relocation anywhere within the United States, as well as remote and hybrid opportunities

I welcome the opportunity to discuss how my experience can contribute to your organization and would appreciate your consideration for any current or upcoming opportunities that align with my background.

Thank you for your time and consideration.

Regards

Sastry Angara
